

Lillington Nursery and Primary School

Head Teacher to Home - 9 June What has happened in school this week?

What a joyous return to the second half of summer term the children have enjoyed.

Children have enjoyed our very first Forest School session, Year's 3, 4, 5 and 6 participated with tremendous effort at the inter-schools athletics event. Reception have been practising their handwriting, Hopper class in Year 4 welcomed their parents and carers into school for their Egyptian Extravaganza.

We would now like to ask for your support and help please. Our school is shortlisted for a possible grant to purchase composite benches for the key stage 2 playground. Voting opens from early July and ends in September,. We would be very grateful if your were able to support Lillington and vote when you shop. Thank you so much in advance.

Please do enjoy a wonderfully sunny weekend and we look forward welcoming you all back on Monday

Best wishes,

Lillington Nursery and Primary School

Head Teacher to Home - 9 June What has happened in Peake this week?

Year 2 enjoyed reflecting on their half term holiday in their creative writings lesson. Practised their logging on skills in ICT and enjoyed working with the scratch program.

Year 3 found a mysterious basket in their classroom this week. Inside contained lots of items to investigate

One day, she found a small machine
it was Prince Eric's. She swam up a fork
charged rocket. She saved him, she took
him to the beach. Eric was waking up!
Milevel, panicked and disappeared in the
deep ^{dark} silent sea.

Unfortunately, she fallen in love with
him. Her father was clear about not
ground on a land. So every morning she

Lillington Nursery and Primary School

Head Teacher to Home - 9 June What has happened in Hopper this week?

Year 4 have enjoyed making their own switches in science this week. Using pegs, tin foil, paper clips and split pins.

PIC•COLLAGE

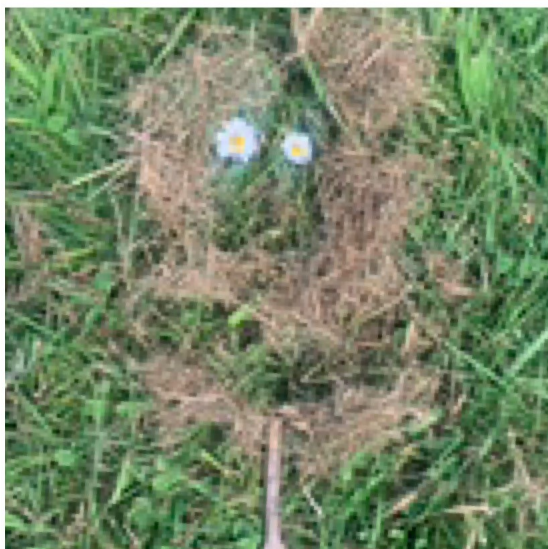

Lillington Nursery and Primary School

Head Teacher to Home - 9 June What has happened in Pankhurst this week?

Pankhurst have been working hard getting to grips with decimals this week.

As well as working hard they have really enjoyed gathering materials and creating art outside. We then spent a little time seeing what art we could find in the sky. Can you spot the duck and the bear?

Lillington Nursery and Primary School

Head Teacher to Home - 9 June What has happened in Angelou this week?

This week in Angelou, the children completed fieldwork activities in and around our local area.

They observed (and enjoyed!) some of the public facilities available to the community, discussed who they were likely to be catering for and considered how they have changed/been treated over time.

Lillington Nursery and Primary School

Head Teacher to Home - 9 June What has happened in King this week?

King Class finished their Nature's Art project this week. After identifying natural materials that could be used, they sketched out some ideas. The sketched ideas were then used to create art. Here are some of the examples.

Lillington Nursery and Primary School

Head Teacher to Home - 9 June What has happened in Forest School this week?

This week Lillington held our first Forest School session. The children absolutely loved being outside and learning some new skills. We talked about how to be safe outside and then they learnt some new knots. They then used these knots to construct their very first den. We finished by learning about the importance of looking after our new equipment and how to store the ropes and tarpaulin neatly ready to have more fun again next week.

What Parents & Carers Need to Know about

OMETV

OmeTV is another app which encourages users to 'make friends from all around the world'. People can search profiles by age and gender and send direct messages or photos. However, the app is primarily used for video calls. When using this feature, users are connected at random, although only their country of origin is shared. People can then either choose to move on to the next chat or can stay in that call for as long as they wish.

WHAT ARE THE RISKS?

STRANGER DANGER

While young people generally know not to share personal information with strangers, the safety of their home and the distance offered by technology can make them feel more relaxed and uninhibited. Combined with the fact that OmeTV provides a webchat function – and anonymity – it can be an easy way for groomers to gather information, ask to connect on other social media platforms, or potentially request intimate images.

EXPLICIT CONTENT

Unfortunately, there are a lot of users who use OmeTV's webcam feature to expose themselves. While users can swipe to the next call quickly, it's not something that can be filtered out completely – so young people could easily be exposed to highly inappropriate images.

REPORTING DIFFICULTIES

When video calling, the other person's username is often hidden and therefore they can't be blocked or reported. There is a 'Report Abuse' tab at the bottom of the video, but the speed with which calls can swipe past can make it difficult to use this system. There's also little evidence to suggest that offenders are dealt with appropriately (through warnings or account termination, for example).

AGE VERIFICATION

17+

Although the site states that users must be 18 or over, there's no way to verify this, and it's easy to use an existing Facebook account to log in, or for users to set up a fake account. To access OmeTV, users simply need to press a button confirming they're an adult, which means it's likely many users will claim to be much older than they are.

VIDEO RECORDING

REC

When young people are chatting live on a webcam, they could be coaxed by others into doing things they don't feel comfortable doing, or persuaded that no harm can come from it. What they don't know is whether the other user is recording them. These videos could then be used to embarrass or blackmail them, or they could be kept by a potential online predator.

LIMITED PARENTAL CONTROLS

OmeTV has very limited parental controls. There is a 'safe mode', but this is of little practical use given that explicit content isn't filtered out. While the site lists several rules and regulations, there are few apparent ways to enforce them or restrict what users can see or do.

Advice for Parents & Carers

FOLLOW AGE GUIDELINES

OmeTV has an age recommendation of 18 and over, which suggests the developers are aware that it may facilitate adult content. It's important to adhere to the age guidelines and try to restrict access to the app for younger users. If you find it on an under-18's device, talk to them about the potential risks and explain why they probably shouldn't be using it.

DISCOURAGE CHATS WITH STRANGERS

Remind your child of the dangers of talking to strangers online. The anonymity OmeTV offers, plus its webchat function, makes it an attractive place for groomers to network and create inappropriate content. Explain that your child may see something which upsets them – and that it's a crime for anyone to expose themselves to a young person online.

DISCUSS THE DANGERS

Maintain communication with your child about online safety and empower them to protect themselves. Simply deleting an app from their device impacts their independence and can cause resentment. Instead, highlight news reports of predators exposing themselves to children on the internet, and discuss what they should do if asked for explicit images.

ENABLE PARENTAL CONTROLS

Regardless of how responsible your child may be, it's essential to use parental controls on their device. It's easy for young people to get lured in by others, feeling they've built up a trusting friendship and being coaxed into doing things they wouldn't normally do. Ensure in-app purchases aren't enabled on their device, and emphasise that they can always talk to you about anything online that worries them.

Meet Our Expert

Dr Claire Sutherland is an online safety consultant, educator and researcher who has developed and implemented anti-bullying and cyber safety policies for schools. She has written various academic papers and carried out research for the Australian government comparing internet use and sexting behaviour of young people in the UK, USA and Australia.
